Rationale:

Positive and responsible student behaviour is essential to the smooth running of the school, to the achievement of optimal learning opportunities, and to the development of a supportive and cooperative school environment.

Aims:

- To build a school environment based on positive behaviour, mutual respect and cooperation.
- To manage poor behaviour in a positive and professional manner.
- To establish well understood and logical consequences for student behaviour.

Implementation:

- Our school will develop, through a process of wide community consultation, a student code of conduct, which outlines amongst other things, agreed behavioural development and management strategies.
- Our code of conduct will place significant emphasis on the development and recognition of positive behaviours. * Do these programs fit here? (SWPBS?) (TRIBES?)
- All students will develop individual learning plans that include behavioural goals. Student individual academic reports will include details regarding student behavioural achievement.
- Peer mediation and peer counselling will be key strategies employed to guide and develop student behaviour.
- The school will deliberately engage the services of successful young people as guest speakers or workshop facilitators etc to act as positive role models. **Is this relevant?**
- We will provide a wide range of positive extra-curricula activities for students including sporting, theatrical, leadership, community service and appropriate leisure pursuits. ***Is this covered by external groups?**
- Positive student behavioural achievement will be appropriately recognised.
- An up-to-date database of student behaviour will be maintained.
- All staff will undertake professional development on student behaviour and discipline management.
- The school curriculum will include units on resilience, peer pressure, positive choices, bullying, conflict resolution and leadership.
- Students experiencing difficulty achieving positive behavioural outcomes will undertake individualised behaviour management programs focussing upon agreed goals.
- Consequences for ongoing inappropriate behaviour may include counselling, loss of privileges or suspension.
- Parents will be kept informed, and actively encouraged to assist in the development of their children’s behavioural performance.

Evaluation:

This policy will be reviewed annually as part of the school’s three-year review cycle.
